Packaging Solutions That Move Global Industries

Engineered to Perform. Built to Protect. Trusted Worldwide.

Aeroflex Neu delivers high-performance woven packaging solutions that support some of the world's most demanding industries. From agriculture and food ingredients to chemicals, petrochemicals, minerals, construction materials, and industrial commodities, our packaging is engineered to protect products, optimize logistics, and perform across global supply chains.

Driven by advanced manufacturing, international quality standards, and a customer-focused approach, we provide customized packaging solutions that combine durability, safety, and reliability. Every product is designed to meet the evolving needs of international markets, while helping customers move their business forward with confidence.

- Global Manufacturing
- International Standards
- Customized Solutions
- Reliable Export Supply

From Production Floor to Global Markets, Packaging That Performs.

Aeroflex
Neu

Rooted In Excellence. Trusted Worldwide.

Driven by a passion for quality, innovation, and customer satisfaction, Aeroflex Neu has grown into a trusted global manufacturer and supplier of woven packaging solutions. With more than 30 years of manufacturing experience, our journey has been built on a strong foundation of technical expertise, ethical business practices, and long-term customer partnerships.

Over the decades, we have continuously evolved our capabilities, invested in advanced manufacturing technologies, and expanded our presence across international markets. Today, customers from diverse industries rely on us for packaging solutions that combine strength, reliability, and consistent performance.

As we continue to grow, our focus remains unchanged—to deliver value-driven packaging solutions, build lasting relationships, and support our customers' success across global supply chains.

Three Decades of Excellence and Commitment to Quality. Trust Across the World.

Aeroflex Neu

Complete Packaging Solutions Under One Roof

Trusted Manufacturing Partner.
Endless Packaging Possibilities.

Whether protecting food ingredients, transporting industrial materials, or enhancing retail shelf appeal, Aeroflex Neu offers a comprehensive range of woven packaging solutions designed to meet diverse industry requirements.

01

FIBC Bags

Reliable bulk packaging solutions engineered for strength, safety, and efficiency.
